

Exceptional Circumstances Process

All clearances into or out of a Club will be processed as per the NSWRL player transfer policy, and actioned in order of receipt.

If a Club does not wish to have a cleared player at their Club they need to deny the clearance and email the Junior League office requesting that the denied player not count as one of their allowable clearances under the NSWRL Player Transfer Policy.

Should the club wish to accept a player under Exceptional Circumstance, it is the Club's responsibility to seek the Exceptional Circumstance Request and to submit the following documentation supporting their request.

1. Full team list/grading sheet of all players in the team they are seeking to go to, with the last three years of each players playing history, i.e., what team/division that they had played with
2. The incoming player's playing history for their past three seasons, i.e., what team/division they had played.
3. Written submission from the player/parents seeking the exceptional circumstance, i.e. why they need to move to this team/club
4. Written submission to the Junior League Club seeking to accept the player under exceptional circumstance, detailing why the Junior League should consider this request and why it is in the best interests of the Junior League Competition/s and/or the game to do so.

Once the Junior League Club has collated the above information, it is to be submitted to the Junior League Office, where the Club will be supplied with a Lodging number, this will be submitted to the Junior League Qualifications Sub-Committee for their review.

The Junior League Qualifications Sub-Committee will give an outcome that is in the best interests of all, and should their decision be to decline this request, they will provide the options that they feel is in the best interests of the competition/s moving forward.
